Civilians in triple fatal shooting in Westmoreland identified

April 12, 2016 - The Independent Commission of Investigations (INDECOM) has confirmed the identity of the civilians killed in the triple fatal shooting incident in Westmoreland on April 8, 2016.

The deceased men have been identified as Clive Stone, who was 17 years old of Ricketts Avenue; Shane Nunes who was 16 years old of Darling Street, and Sakeen Satchwell, also 16 years old, of Segree Street. (All Savanna-la-Mar addresses)

Background

The report received by the Commission from the police indicate that a security company initially responded to the incident after an alarm went off at a supermarket on Great Georges Street. Upon arrival at the supermarket, the security personnel observed that there was a break-in which prompted them to call the police.

Four police officers responded to the incident. Upon arrival, it was reported that they were greeted with gun fire which they returned. All three men were shot and injured. They were subsequently taken to the Savanna-la-Mar Public Hospital where they were pronounced dead. The police reported that one firearm was recovered.

On the day of the incident the INDECOM team investigators and forensic examiners processed the scene and the bodies of the men and served notices to the police officers involved in the incident. The firearms of the concerned officers were taken out of circulation and submitted to the Forensic Laboratory for analysis.
