19.	June 17, 2021	Theodore Ellis	The deceased, Theodore Ellis was shot and killed by Constable in circumstances where an honest belief could have been formed that the concerned officer was in imminent danger and needed to take preemptive action. Indeed, such a position is supported by the witness evidence gathered by the Commission. AD was grazed by one of the bullets fired by Constable as, he was a passenger in the front of the 2010 Toyota Voxy which was being driven by the deceased in a manner calculated to intimidate the concerned officer. Having investigated the matter, the Commission has found that no prima facie case of murder has been established.	No Charge
